Quick Lesson Plan

Activity Description (The Big Picture): *[You write activity description here]*

Learning Objective: *[Write the Learning Objective Here]*

Introduction (Starters): *[Create an intro, icebreaker, starter, warm up or just get settled into something you've been working on before in a previous lesson]*

If you wish to have only one activity simply merge the next 4 subheadings.

Main Activities: *[Write the Main Activity Below] - Ideally you should make at least 3 levels of difficulty for differentiation i.e. students with a higher level of ability.*

Difficulty Low: [Write Main Activity (Easy) for lower ability students here]

Difficulty Medium: [Write the Main Activity (Average) for average ability students here]

Difficulty High: [Write the Main Activity (Hard) for higher ability students here]

Difficulty CHALLENGE! *[The class or individual challenge: where possible, everyone should be able to do it based on the skills they've learned] - This could be added on the end of each activity.*

Mini plenaries: *(ways of checking the progress of the learning during the session): You can attach these to the end of each activity.*

Plenary and/or Extension: *[This is where the class can be drawn together to share what they've learnt or pushed further] How do we link to the big picture and is there a next step?*

Supporting resources (If required): e.g. *Worksheet1 (Name of your resource) [You enter the title of the resource here and how it is used in this lesson & link to your resource in the edchat.net/resources section]*
